DBRS Morningstar upgrades Iccrea Banca's rating to Investment Grade level.

Mauro Pastore, GM of the BCC Iccrea Group: "This very important recognition confirms the soundness of the strategy put in place by the Group from its founding".

Rome, 23 October 2023

Today the DBRS Morningstar rating agency upgraded the ratings of Iccrea Banca, parent company of the BCC Iccrea Group, to investment grade level. Specifically, the long-term issuer rating improved to BBB (low) from BB (high) and the short-term issuer rating to R-2 (middle) from R-3. The trend is stable across all ratings.

This upgrade awarded by the rating agency reflects the bank's continued progress in improving its asset quality profile, reducing its stock of NPLs while keeping robust coverage levels and solid capital buffers. The upgrade also takes into account the improvements in core profitability achieved through a number of initiatives aimed at boosting fee income and efficiency. According to the DBRS Morningstar agency, the Group's ratings continue to reflect its adequate liquidity position and the progress in streamlining its structure to make the Group more integrated.
